

CuColours Rules

Variation - Classic

Mode: single player / puzzle

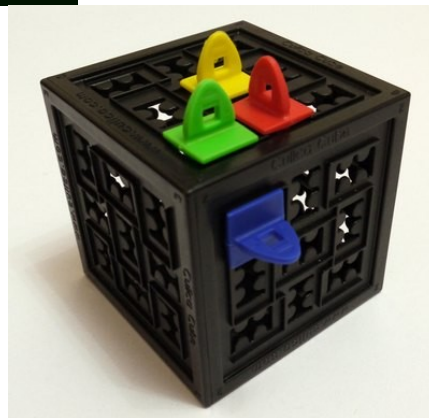

Difficulty – easy to play, tricky to “win”.

Rules

You can place any colour peg in any slot.

No two pegs of the same colour can touch, side by side or diagonally, even over edges.

See how many pegs you can put into the Culica.

To win:

- ✓ Each peg placed is a point, your high score is the most pegs you got on.
- ✓ For a Perfect Score, get *all* the pegs on the Culica. (Very challenging!)

If you can make the Perfect Score, then you are in the *CuColours Club*.
