

CuCombat™ Solo Rules For Culica®

Variation - Classic

Mode: single player / puzzle

Difficulty: Bit tricky at first.

Rules

Put 14 pegs of each colour in the bag. Pull 9 pegs out at random. Arrange the pegs on one face of the Culica.

Then pull another nine pegs and fill another face on the Culica. Repeat until the Culica is filled.

Aim is to get as many as you can of:

- ✓ row of three diagonal of the same colour on a face (*e.g. the diagonal row of yellow pegs in the top picture*)
- and -
- ✓ row of four side-by-side of the same colour (*e.g. the straight row of four red pegs in the bottom picture*)

Note: A row of 8 straight pegs of the same colour counts as two rows of four.

To win:

- ✓ Count the rows, that's your score. Note your highest score and see if you can beat it next time.
- ✓ Two bonus points for: A diagonal on all six faces.
- ✓ Four Bonus points for: A row that stretches all round the Culica (12 pegs) – a very rare event!

Tip

Resist the temptation to rearrange the pegs on completed faces!
