

CuFrog™ Solo Rules For Culica®

Variation - Classic

Mode: single player / puzzle

Difficulty: Really easy to learn. Really challenging to solve completely.

Rules

Colours don't matter in this game.

Put a peg on the Culica cube.

Each subsequent peg goes on the Culica relative to the previous peg but with a space (or peg) between. You can think of the move as a “hop” over a space or peg.

The figure, above right, shows a game after one “hop”.

Hops are straight, not diagonal.

The figure, right, shows the position after three hops.

The figure, far right, shows the position after two more hops (the blue pegs on the top face).

How to win?

- ✓ Each peg placed is a point, your high score is the most pegs you got on.
- ✓ For a Perfect Score, get *all* the pegs on the Culica. (Very very challenging!)
